

JOB OPPORTUNITY – MARINE / NAVAL ENGINEER – INNOVATION TEAM

1. DESCRIPTION OF THE ORGANIZATION

Fundación Valenciaport is a non-profit private organization, with more than 60 employees, located in Valencia (Spain), that provides services to the port and logistics cluster. It is an Applied Research, Innovation & Training centre dedicated to the design, implementation and execution of R&D&I and consultancy projects specialized in logistics, transport and ports, aimed at improving the competitiveness of companies and institutions in the port logistics sector.

2. DESCRIPTION OF THE JOB

We are looking for a graduate with a Naval or Maritime Engineering degree or equivalent, to join a multi-skilled team specialized in R&D, innovation and consultancy projects in the field of maritime transport, logistics and ports. More precisely, experience in some of the following topics will be valued:

- Energy efficiency, alternative fuels.
- Operations (safety, security, automation).
- Sea-port interaction.
- Participation in consultancy projects in the transport and logistics sector.
- Participation in EU funded projects.

3. SELECTION CRITERIA

- Naval or Maritime Engineering degree or equivalent. MSc and PhD will be recognized
- Experience in the above listed fields will be highly recognized.
- Fluent in English (excellent speaking and writing skills). Minimum level C1 or similar.
- Good communication skills, both oral and written
- Excellent teamwork skills
- Availability to travel, once the current pandemic crisis is over

4. CONDITIONS

- Full time employment contract.
- Salary based on qualifications, skills, specialisation and experience of the candidate.
- Flexibility & autonomy depending on coordination and projects.
- Friendly team & collaborative environment. Innovative projects.
- Additional benefits and bonuses.
- Sponsored training according projects.

Interested candidates please send us your CV and letter of motivation, in English, by e- mail to personas@fundacion.valenciaport.com
