

JOB OPPORTUNITY

BSC OR MSC, SPECIALIZED IN SAFETY AND SECURITY PROJECTS

1. DESCRIPTION OF THE ORGANIZATION

Fundación Valenciaport is a non-profit private organization, with more than 60 employees, located in Valencia (Spain), that provides services to the port and logistics cluster. It is an Applied Research, Innovation, Training, and International Cooperation center dedicated to the design, implementation and execution of R&D&I and consultancy projects specialized in logistics, transport and ports, aimed at improving the competitiveness of companies and institutions in the port logistics sector.

2. DESCRIPTION OF THE JOB

We are looking for a graduate with technical or scientific degree, robotics industry, automatization or similar specialization, to join a multi-skilled team specialized in R&D, innovation and consultancy projects in the field of transport, logistics and ports.

More precisely, foreseen activities would be:

- Participation in research and innovation projects from different programmes (H2020, Horizon Europe, CEF, Interreg, National and regional programmes).
- Involvement in ports, transport and logistics consultancy projects acting as a functional analyst, defining functionalities and gathering customer requirements.
- Development of reports about installation and integration of sensors, equipment and different systems (cameras, drones, ROV, inspection systems, etc.) addressed to innovation on safety and security, participation in meetings, travel as required, coordination of activities, etc.

3. SELECTION CRITERIA

- BSc, MSc and PhD: electronic engineering degree, robotics industry, automatization or similar specialization. Knowledge of security issues and on emergency procedures would be an asset.
- Experience: Previous/proven experience in technological companies (>2 years). Participation in International projects
- Fluent in English. Excellent speaking and writing skills. Minimum level C1 or similar.
- Good communication skills, both oral and written.
- Excellent teamwork, problem solving and working autonomously skills.
- Availability to travel.

4. CONDITIONS

- Full time employment contract.
- Salary based on qualifications, skills, specialization and experience of the candidate.
- Flexibility & autonomy depending on coordination and projects.
- Friendly team & collaborative environment. Innovative projects.
- Additional benefits and bonuses.
- Sponsored training according to projects.

Interested candidates please send us your CV and letter of motivation, in English, by e- mail to personas@fundacion.valenciaport.com
