

## **JOB OPPORTUNITY**

### **BSc or MSc, SPECIALIZED IN ELECTRIFICATION PROJECTS**

#### **1. DESCRIPTION OF THE ORGANIZATION**

FUNDACIÓN VALENCIAPORT is a non-profit private organization, with more than 60 employees, located in Valencia (Spain), that provides services to the port and logistics cluster. It is an Applied Research, Innovation, Training and International Cooperation centre dedicated to the design, implementation and execution of R&D&I and consultancy projects specialized in logistics, transport and ports, aimed at improving the competitiveness of companies and institutions in the port logistics sector.

#### **2. DESCRIPTION OF THE JOB**

We are looking for a graduate with a technical or scientific degree, to join a multi-skilled team specialized in R&D, innovation and consultancy projects in the field of energy transition in the transport sector. More precisely, experience in some of the following topics will be valued:

- Experience in projects related to power distribution grid optimization and/or integration of dispersed renewable energy generation and storage in the power grid.
- Engineering projects regarding systems and components for power distribution in medium voltage, and / or renewable energy generation and injection to the grid.
- Green energy production and storage.
- Onshore power supply to ships.
- Technical assistance projects in the transport and logistics sector.
- EU funded projects.

#### **3. SELECTION CRITERIA**

- BSc. MSc and PhD will be valued.
- 3+ years of experience in the above listed fields; experience in the field of logistics, transport and ports will be highly valued.
- Fluent in English (excellent speaking and writing skills).
- Good communication skills, both oral and written.
- Excellent teamwork skills.
- Availability to travel.

#### **4. CONDITIONS**

- Full time employment contract.
- Salary based on qualifications, skills, specialisation and experience of the candidate.
- Flexibility & autonomy depending on coordination and projects.
- Friendly team & collaborative environment. Innovative projects.
- Additional benefits and bonuses.
- Sponsored training according projects.
